
About Us

There have been barristers practising from Albion Chambers since 1843.

We are proud of our excellent reputation across the Western Circuit for integrity, approachability and the highest quality of advice and advocacy.

Chambers is led by Adam Vaitilingam QC and has 74 barristers including three Queen's Counsel. There are two door tenants, both of whom are Queen's Counsel.

Situated in the centres of Bristol and Taunton, Albion Chambers is very close to all local courts.

We recognise the importance of high levels of service to our professional and lay clients. We were the first set of chambers in Bristol to be awarded Bar Mark, the Bar Council's quality standard and were proud to be awarded the Legal Services commission's standard; Quality Mark in 2003. Our teams of committed specialists practise throughout the South West, and beyond. They provide clear, strong, expeditious and practical advice and representation. Our highly-skilled team support staff offer friendly and efficient service to professional and lay clients.

This site is intended to provide a summary of the services offered by our barristers, pupils and administration team. To find out more click on the relevant links.

Solicitors may use this site to send emails directly to our tenants and clerks; although instructions must be submitted via the clerks.

Please contact our Chambers Director, Paul Fletcher, or any other member of the administration team if you have any questions about our services that are not covered by this website.
